

Senior Right of Way Agent position available. Responsibilities include but are not limited to: negotiating fee title, easements, permits, agreements, etc. for public and private projects on behalf of employer's clients. This activity includes contact with property owners and negotiations for successful acquisition of necessary property rights in connection with utilities, public or privately funded projects and/or relocation assistance in connection with public improvement projects. Senior Agents must demonstrate a strong level of expertise in all major right of way acquisition and relocation skills (title, negotiations, appraisal, relocation, engineering, etc.). This level of proficiency is typically attained as a result of 5-7 years of fulltime experience completing simple to complex acquisition and/or relocation projects for utility, public and private right of way projects, including complex tasks such as appraisal review, reading and writing complex legal descriptions, complex acquisition and/or relocation negotiations, and advanced education in the acquisition and relocation disciplines. This position will require the ability to complete complex acquisition and /or relocation tasks and to successfully complete complex negotiations with little or no supervision. This position requires a valid Washington State Real Estate License.
